Damiano Tulipani

As a dynamic and forward-thinking Chief Information Security Officer and technology-focused executive leader, Damiano Tulipani is experienced in Cyber Security, Information Security, Risk Management, and Information Technology. He has deep expertise in safeguarding organizations and assets from cyber threats and data breaches while ensuring uninterrupted business operations. Damiano has a proven track record in developing and executing security strategic initiatives across diverse sectors and is adept at steering security direction and fostering resilience in the face of evolving cyber challenges.

Passionate about driving organizational success through proactive security measures and innovative solutions, Damiano is a proven team builder who encourages collaboration, communication, and a confident mindset among team members while building relationships cross-functionally to enable business growth and drive excellence for all internal and external customers. He champions DE&I initiatives, welcomes and celebrates differing thoughts and perspectives, and drives professional career development and a culture of high engagement.

Damiano sits on the Advisory Board of Sphere Technology Group, is a New York CISO Governing Body Member for Evanta, a Gartner Company, and is on the Board of Advisors for the Guarini School of Business at Saint Peter's University. He is also the Cyber Risk Advisory Board Chairman for NJ Bankers, a Network Member for GLG, and an All-Stars Project of NJ Board of Trustee Member.

Damiano earned his Bachelor of Science degree in Business Administration & Management Information Systems (MIS) from St Peter's College. He holds a Master of Science in Information Systems and Information Security and a Graduate Certificate in Business Process Management & Service Innovation from Stevens Institute of Technology. Damiano is a Certified Identity and Security Technologist (CIST), a Certified Identity Governance Expert (CIGE), and a Certified Identity and Access manager (CIAM).
