## Selecting Core Mathematics Courses

Calculus Track\*\*

### Select a Major

\*Accountancy and Finance recommend that their majors take MA123-124

\*\*Data Science appears under the Calculus track because of the possibility of Developmental Math in preparation for MA247 which is a required course in the major

A student who takes MA123-124 or MA133 and then changes to a major requiring MA143-144 should take MA125 when it is offered.
